SOLD WHISKEY AT SUNDAY SCHOOL.

Two boys by the name of Jackson were arrested on Blue Pond Sunday by Jailer C. A. Murchison and on Monday were sentenced to 20 days in jail and fined \$60 for bootlegging.

Their offense is said to have been very openly done. According to some who said that while Sunday School was going on they would come to window and call men out and sell them whiskey. In one instance they sold whiskey to a man in the presence of his wife. The sheriff was called, but he and his deputy were both out of town and Murchison answered the call and brought them to town.

CONTRACT FOR HIGH SCHOOL LET.

L. N. Gregory and B. Moore were awarded the contract for the new high school building at Fayette, last week and work will probably begin next week.

The building will be a frame 60x72 feet, four rooms, and when completed will cost in the neighborhood of \$4000.

Miss Carrie May Reid is expected home today after a visit to Miss Bettie Louise Curlin, of Memphis. Miss Curlin will accompany her home.

R. G. Stone and wife and Miss Camille Barrett returned home Sunday after a visit to the former's mother, Mrs. Ella Stone, of Portageville, Mo.

J. H. Russell is visiting his brother, Dr. W. S. Russell, of Harrisburg, Pa., and his mother, Mrs. N. J. Russell, of Lafayette, Tenn.

Misses Lillian Milner and Mary Kate Lawson, of Fulton, are visiting Mrs. W. A. Naylor and family.

Mrs. Blanche Kennedy, of St. Louis, will arrive Sunday to visit her parents, F. E. Case and wife.

Mrs. C. T. Bondurant has returned home after a visit to Mrs. W. J. Webb, of Mayfield.

News Snapshots Of the Week

While troops kept arriving at the border and others were entraining or at camp ready to be sent, General Carranza answered our note in a pacific frame, intimating at mediation of our troubles with Mexico. The movement of General Pershing's forces to within 100 miles of the border helped to create a good impression of our intentions. The militiamen at the front have experienced severe weather conditions in Texas. The long expected allied offensive grew in intensity on all fronts, gains being recorded by France, England and Russia, who struck out toward Hungary. Changes in the general board of the army raised Albert L. Mills, chief of militia affairs, to a major generalship. Betty Greet, the richest woman in the world, who died, leaves over \$100,000,000. Roger Casement, the Irish patriot, was found guilty of high treason. William R. Wilcox, new chairman of Republican national committee, is now working out Hughes' campaign.

PARRISH CHANGES TO FULTON.

Clyde B. Parrish, who has been manager for the Cumberland Telephone Co., at this place for some time, received notice last week that he would be transferred to Fulton, probably the first of the month, or sooner if a man could be found to send here. Parrish will receive a good increase of salary, and will also have charge of several small exchanges besides the Fulton plant.

He has made many friends during his stay here who will regret to see him leave the city. He was instrumental in organizing the base ball team here this spring, and has been on the team as a pitcher.

WOODLAND FIRM BUYS GOOD STOCK.

Fisher & Walker, importers of Evansville, Ind., sold an imported Belgian Percheron Stallion and a jack to a firm at Woodland Mills, composed of 12 farmers and business men of that city. The price paid for the two animals was \$2400, and are the best of their kind seen in this section in a long time.

We are glad to see stock of this kind in the country, and farmers of this section should appreciate the move of their Tennessee neighbors.

Capt. James Koger and wife have returned to their home in Paducah after a visit to R. M. Isler and wife.

A. O. Caruthers, life and son, Harold Rice, returned home Monday after a visit to relatives at Kenton.

Mrs. W. A. Ylor has returned home after a visit to her son, Floyd Naylor of Marshall, Texas.

Miss Ola Sonille, of Cairo, returned home Saturday after a visit to Mrs. A. Longnecker.

Miss Emma is visiting her brother, J. C. Cook, and wife, of Memphis.

WEALTHY PLANTER DIES SUDDENLY.

George Washington Phelps, a wealthy lower bottom planter, died suddenly Monday morning about 8:30 from an attack of heart trouble. He left home early Monday to look after his farms in the bottom, and was in the act of showing one of his tenants, Rad Lane, how he wanted some plowing done that he was stricken and died almost instantly. He left home that morning apparently in good health, but last winter he was under treatment of Dr. C. W. Curlin for heart trouble, and it was supposed that he had recovered.

Mr. Phelps was born in Lawrence, Tenn., in 1845, and together with a brother came to Rock Springs neighborhood in 1858. About 1909 he acquired land in the bottom, and at the time of his death was one of the largest planters of that section. In 1870 he was married to Miss Susan Mary Latta, of near Water Valley, the union being blessed with seven children, the following of whom are living: Mrs. Belle Weatherspoon, of near Water Valley; Mrs. Bulah Bushart, of Beclerton; Mrs. George Hornsby, of north of Fulton; Berlie Phelps, of Beclerton; and Alonzo Phelps, of Hickman. He is also survived by his wife and three brothers and four sisters.

Mr. Phelps was not a member of any order or church, but his life was an open book to all. His honesty, integrity and fair dealings made a friend of every person with whom he came in contact. His sudden death is a distinct loss to the solid citizenship of Hickman and Fulton county, and a shock to his friends and family.

The remains were carried to Wesley church, near Beclerton, the party leaving here early Tuesday morning. The pastor of that church held funeral services.

The Courier extends sympathy to the bereaved family.

MOVE TO NEW OFFICE.

The Mengel Box Co. moved to their new office this week, which has been under construction for some time. It is located near the veneer mill, and is up to date in every respect.

Miss Bess Choate returned home Saturday after a visit to Misses Florine Clear and Evangeline Glover, of Union City.

Paul Porter returned home Saturday after a visit to his parents at Clinton.

B. Huddleston, wife and children returned home Monday from Fulton.

Miss Cecil Wright has returned home after a visit to friends at Nashville.

Mrs. Oscar Salmon and daughter, Gladys, are visiting relatives at Troy.

Mrs. Dee Henry is visiting relatives at Memphis and Halls.

ANOTHER JAIL DELIVERY JUNE 29th.

Three negro prisoners escaped from the Fulton county jail on Thursday night, June 29, when they dug through the brick wall to liberty. The negroes who escaped are:

Chas. Williams, charged with carrying a pistol.

Hosie Eagle, charged with housebreaking.

Chas. Lewis, charged with forgery.

Jailer C. A. Murchison was in Dawson Springs on that day, returning about midnight, and left Pony Perry in charge of the jail. When time came that night to lock up the prisoners in their cell he made the rounds and when he went to lock the cells on the second floor he heard no response from the prisoners when he tried to lock up and supposed that they were in the cells asleep.

When Murchison came in he made the rounds of the cells, and found a hole in the brick wall which the negroes had dug through the garage on the second floor of the building. The Water Valley.

J. HEARN BROWN MARRIES DRESDEN GIRL.

James Hearn Brown, messenger for the Southern Express Co., running between Nashville and Hickman, and Miss Lillian McLurath, of Dresden, Tenn., were married at the home of the bride in that city on Saturday, July 1st, the pastor of the Baptist church saying the beautiful ceremony which made those two hearts beat as one. The wedding was a quiet home affair, only the immediate family and a few intimate friends being present.

Hearn is the son of Mr. and Mrs. J. R. Brown, of this city, and a more industrious or better boy never lived. He was an employee of the Courier for two years, and we speak from personal knowledge. For the past five years he has been working for the express company, beginning in the office of R. M. Isler, agent at this place. He is evidently making good, as he has steadily advanced with the company until now he is on a regular run, and we predict even greater promotions for him.

Mrs. Brown is the charming and accomplished daughter of

Mrs. Lon Naylor, H. E. Prather, P. B. Curlin and J. M. Hubbard amputated Mrs. Lee Jackson's right arm between wrist and elbow last Friday. Gangrene developed several days ago from no apparent cause, which according to surgeons, is very unusual. Besides this misfortune, she has had a spell of flux in the last three weeks. She has a husband and five children, the last one only a few days old. Mr. Jackson is an employee of the Mengel Box Company.

Mrs. Jackson is improving from the operation and hopes are entertained for her recovery.

CAMPAIGN CHAIRMAN FOR FULTON COUNTY.

At a meeting held at the Court House in Hickman Saturday, July 1st, Judge E. J. Stahr was selected as chairman of the campaign committee of Fulton county for the fall election. He will name the committee which will be given later.

Judge Stahr is a mighty good selection for the place, and if he is given the proper kind of support by the Democrats of the county, that old time Democratic rooster will be mighty busy in this county this fall.

County School Notes

By Miss Virginia Luten
County Supt.

The County School Board of Education met July 8th to consider bids on the new school building to be erected at Cayce. The contract for the construction of same was let to Gregory & Moore, and contract for material to W. A. Dodds.

As there were no applicants for the free appointment to State University, July 8th, a competitive examination will be held at the Court House July 22nd. Those desiring this appointment should take this examination as the university adheres strictly to the letter of the law and this appointment can be made in no other way.

Half of our rural schools are now in session and parents are urged to have their children enroll promptly that they may have the benefit of the entire term.

The moral atmosphere of manufacturing towns has been noticeably improved because of picture houses, Mr. Cooks said.

POSSIBLE RESULTS OF U-LINER'S TRIP.

The arrival of the German submarine Deutschland demonstrates many possibilities.

With a fleet of such vessels Germany can defeat the British blockade.

With the Deutschland alone Germany can thwart entirely the British censorship of the mails and increase its gold reserve by sending American securities to the United States for sale.

By loading for the return voyage with war munitions Germany will destroy its own argument that the United States has been unneutral because the allies were unable to and the central powers unable to obtain and safely transport American products.

In arming the Deutschland with two small defensive guns Germany abandons the contention that any armament makes a vessel a ship of war.

The Deutschland feat lowers the "ocean bulwark" of the United States.

If the voyage of the Deutschland sounds the knell of British sea supremacy the United States faces a possible menace to the maintenance of the Monroe doctrine.

Simon Lake, inventor of the submarine, is preparing to libel the boat in a suit for infringement of patent as a result of the Deutschland's trip.

Don't forget the meeting at the West Hickman Baptist church next Tuesday night, at which the sanitary organization recently organized, will have their regular meeting. Dr. Hubbard will address the meeting, and possibly Dr. Prather. Ladies especially invited. Those behind the movement are pleased with the response of those interested, and hope that it will grow, as it means a whole lot to our people in West Hickman.

The Social Embroidery Club met with Mrs. Will Hammond on Monday, July 10th. Music by Mrs. Phoebe and Mrs. Pyle were enjoyed, as well as crocheting and discussion on current topics. At the closing hour sherbert and cake were served. The club meets with Mrs. Jno. Pyle on July 17th.

SHOULD SLOAN'S LINI- MENT GO ALONG?

Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would soon leave our baggage at home on a vacation or camp out with Sloan's Liniment," writes one vacationist. "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets. Advt.

J. H. Russell, City Treas.

On motion the City Attorney was instructed to employ Judge Robbins to assist on the city levee proposition.

On motion the City Clerk was instructed to investigate the cost and the time of the compensation tax and to report at the next regular meeting of the council.

The following ordinances were passed by the affirmative vote of all the councilmen present:

The following is an amendment of the ordinance passed on the fifth day of June 1916 entitled an ordinance for the construction and maintenance of a levee for the protection of the City of Hickman from the overflow of

the Mississippi river. Said amendment is as follows:

That the City of Hickman will, at its own expense, provide a right of way forty (40) feet in width at a point designated on the blue print attached as part of this ordinance and marked "City of Hickman," map showing proposed location of levee between Washington and Wash streets by an arrow and marked required R. of W. being a portion of the land owned by B. G. Hale, said new right of way being necessitated by the location of the railway of its present right of way to the City of Hickman upon which to build its levee.

Attest: Jno. Pyle, City Clerk.

Tom Dillon, Sr., Mayor.

The following ordinance which was introduced at the meeting of the council June 5, 1916, was again read, and on motion made and seconded, passed by the affirmative vote of all the councilmen present:

Said ordinance is in words and figures as follows:

The City Council of the City of Hickman, Ky., do ordain as follows:

WHEREAS, the Mississippi river frequently overflows certain portions of the City of Hickman, lying along the river front.

And, whereas, in order to afford protection against such overflows, it would be necessary to construct a levee, the location of which is described as follows:

Beginning at a point on the west side of Washington street which is the east boundary line of the property of the Mengel Box Company and at a point where a levee is to be built by that company ends; thence upstream parallel to the track of the Nashville, Chattanooga & St. Louis Railway crossing the following streets: Washington street, Market street, Walnut street, Ashland street, Fulton street, Main street, Broadway, Hall street, Commercial street, Water street, Union street, Cumberland street, Kentucky street, Ohio street, to Wabash street, more particularly described in the blue print marked exhibit No. 1 hereto attached and made a part hereof.

And, whereas, the Nashville, Chattanooga & St. Louis Railway has made a proposition to the City Council of Hickman, Kentucky, in words and figures as follows:

The Nashville, Chattanooga, and Saint Louis Railway hereby offers to donate to the City of Hickman for the protection of the citizens and property of said city, sufficient money and material to build so much of the levee described above as lies between Washington street and the west boundary of Union street less that amount contributed by the Chicago, Memphis & Gulf Railway and less the cost of so much of the right of way between Washington street and the west boundary of Union street as is not owned by the Nashville, Chattanooga & St. Louis Railway.

The railway further offers to transfer by proper legal instrument so much of its property as may be needed in the construction of said levee, such property to revert to the railway should it ever cease to be used by the

City of Hickman for levee purposes.

The Nashville, Chattanooga & St. Louis Railway further offers to recommend to the City of Hickman a competent civil engineer to prepare plans and specifications and to supervise the construction by the city of said levee, and the necessary drainage system. Said engineer to be employed by the city and designated as the city engineer.

The Nashville, Chattanooga & St. Louis Railway further offers to furnish both material and money as the work progresses, within the limits and in the manner specified, as said city engineer in charge of the construction of said levee may from time to time demand.

The Nashville, Chattanooga & St. Louis Railway makes the above offers on the following conditions to wit:

(1) That the plans and specifications and work shall meet the approval of a third person to be agreed upon by the City of Hickman, the Mengel Box Company, and the Nashville, Chattanooga & St. Louis Railway.

(2) That the City Council of Hickman will authorize said railway to construct, relay or shift its tracks and operate its trains thereon in Main and Commercial streets, and in Water street, between Union and Walnut streets, and change the grade of its existing tracks in said streets, said relocation and change of grade being necessitated by the construction of the levee. It being understood that whenever the raising and relocation of said tracks is not between Washington street and the west boundary of Union street the expense thereof shall be borne by the City of Hickman, Ky.

(3) That the City of Hickman will authorize the Nashville, Chattanooga & St. Louis Railway to appropriate for its tracks and depot purposes so much of the property conveyed to said railway to be used as a park by ordinance of the city of Hickman, as is not appropriated by the city in the building of its said levee.

(4) That the City of Hickman will authorize the closing of so much of Fulton street, Washington street, Market street, Walnut street, Ashland street, Main street, Broadway, Hall street, Commercial street, Water street, Madrid street and Union street, except that crossings will be provided for at or near Obion and Fulton streets, as are occupied by said levee and the reconstruction tracks of said railway, it being understood that in consideration of the closing of said streets the railway will by proper written instrument authorize the City Council to appropriate as a public right of way so much of lots Nos. 30, 31 and 32, as the City Council may deem necessary.

And, whereas, The City Council of the City of Hickman is anxious and willing to accept the offer of the Nashville, Chattanooga & St. Louis Railway upon the conditions therein set out, therefore,

Be it ordained by the City Council of the City of Hickman, Kentucky:

(1) That the City of Hickman shall construct as soon as it can conveniently and properly do so a levee on the location and of the dimensions, specifications and

material provided for in the plans prepared by the city engineer and approved by a representative of the Mengel Box Company and the Nashville, Chattanooga & St. Louis Railway.

(2) That the City of Hickman shall employ as its supervising engineer such person as the Nashville, Chattanooga & St. Louis Railway may recommend.

(3) That the offer of the Nashville, Chattanooga & St. Louis Railway heretofore set out in full be accepted with all the conditions hereto attached.

(4) That this ordinance upon acceptance in writing by the Nashville, Chattanooga & St. Louis Railway within thirty days after its final passage shall constitute a binding contract between the City of Hickman and the Nashville, Chattanooga & St. Louis Railway.

(5) That this ordinance shall take effect from and after its passage the public welfare requiring it.

Attest: Jno. Pyle, City Clerk.

Tom Dillon, Sr., Mayor.

There being no further business Council adjourned, subject to the call of the Mayor.

Attest: Jno. Pyle, Clerk.

Tom Dillon, Sr., Mayor.

UGH! CALOMEL MAKES YOU DEATHLY SICK.

Stop Using Dangerous Drug Before It Salivates You! It's Horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50 cent bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards. Advt.

Dr. J. FRANK McMICHAEL

THE WELL-KNOWN

OPTICAL AND EYESIGHT SPECIALIST

OF UNION CITY

Will Be At

LaCade Hotel, Hickman, Ky.

MONDAY AND TUESDAY

JULY 17 AND 18

Many people suffer mentally and physically as a result of eye strain caused by refractive errors such as Myopia, Presbiopia, Hypermetropia, Astigmatism, Strabismus, and many other errors which cause a waste of nerve energy causing a general disturbed condition, of the nerve centers which often causes Headache, Nervousness, Vertigo, Indigestion and mental fog. A scientific examination of the eye and a proper prescription in glasses will often give you entire relief from the above trouble.

Dr. McMichael is a specialist in his line of thirty years experience. He has been located at Union City for thirteen years where he has one the best equipped offices and lens grinding laboratories in the State. He has examined the eyes and fit glasses for many thousand people in West Tennessee who have been delighted with the relief and good eyesight obtained through his skill and prescription glasses. His charges are reasonable and he guarantees unlimited satisfaction.

CARD OF THANKS.

We desire to return our sincere thanks and express our appreciation for the help given us, the words of consolation in our sad bereavement in the death of our husband and father, G. Phelps. Also for the flowers furnished.—Mrs. Susan Phelps and children.

Mrs. Fanny Shaw and son, Dixie Robinson, left Tuesday for a short stay at Dawson Springs. Dixie has had a hard tussle with rheumatism and hopes to be improved by his stay at the Springs.

TO THE PEOPLE OF WEST HICKMAN.

There is an organization started in West Hickman to promote interest in cleaning up and keeping part of our town. We met and organized at the Methodist church on Tuesday night, July 4th. We met again at the same place on Friday night, July 7th, when we had with us Dr. J. M. Hubbard, our city physician, and Dr. H. E. Prather, our county physician, who gave us interesting and instructive lectures on the dangers of unsanitary conditions and on the best means of overcoming these dangers. We met at the Baptist church on Tuesday night, July 11th, and will meet again at the same place on Tuesday night, July 18th.

We are glad to see the interest that is being shown by several of our people, and hope that this interest will grow until it has reached every home. It does seem that this is a movement that ought to enlist the heartiest sympathy and co-operation of every one, inasmuch as it has for its object the prevention of sickness in our homes, the suffering, and possibly the death of one or more of our loved ones. We are sure that much can be done to accomplish this object if we all take the proper interest and will do our part.

As to how best to attain this object or as to the best plans by which to work, our ideas may not be altogether clear and somewhat at variance. But the object of our meeting together from time to time is that we may endeavor to formulate the best plans and then carry them out as best we can. It has been suggested that our officials have been negligent. This may be true. They would hardly be human if they have not been so, at least to some extent. But can the rest of us claim to be without fault in this regard? Let this be as it may, our officials are now showing a nice spirit of co-operation and we believe that they will do their part as far as they can. We believe that a spirit of hearty sympathy and co-operation will do more to accomplish the object of our organization than anything else. It is better than force by law. If, by the strong arm of the law, you force a man to do a thing against his will, he will do it grudgingly and hesitatingly, but if you enlist his sympathetic cooperation on the basis of his love at home and his community efforts will be unqualified. It is necessary sometimes to use force, but let this be the last resort. We in West Hickman can cultivate a spirit of just pride in our community, and by a little effort each day on the part of everyone, we can lessen the danger of sickness, make more beautiful and wholesome our surroundings and enhance the comfort and happiness of our people. We also believe that when we do this our property owners will meet us in a similar spirit, and take greater interest in making needed repairs on the property from time to time. We hope that all who can will meet with us next Tuesday night at the Baptist church.

Very respectfully,
J. A. Spence, Secy.

HICKMAN LADY DIES IN MEMPHIS.

Mrs. E. T. Bowers, for a number of years a resident of this city, died at the home of her daughter, Mrs. J. L. Amberg, in Memphis, at midnight, July 4th. Acute nephritis was given as the cause of her death. Burial at Alexandria, Tenn.

Mrs. Bowers had been a resident of Hickman for about 11 years, making her home with Mrs. J. L. Amberg, and moved to Memphis with them a few months ago. She made many friends in Hickman during her stay here, who regret the death of this good woman.

She is survived by four daughters, Mrs. J. L. Amberg, of Memphis, Mrs. H. C. Amberg, of Hickman, Mrs. E. L. McManey, and Mrs. Hattie B. Coffey, of Paragould, Ark.

MRS. BARRETT DIES IN SAN FRANCISCO.

Mrs. Martha Barrett, age 67, mother of H. C. Barrett of Hickman, died at the home of her daughter, Mrs. H. W. Taylor, in San Francisco, Tuesday, July 4, of cirrhosis of the stomach, after an illness of several weeks. Her remains were carried to Indianapolis, Ind., for burial, which was had Tuesday of this week. Mrs. H. C. Freeman, of Indianapolis, also survives her mother.

Mrs. Barrett will be remembered by many of her friends in Hickman, who will regret to learn of the death of this good woman.

WHAT THE ALLIES DID PREPARING FOR BATTLE.

Built 3000 miles of railroad to facilitate moving munitions and troops and handling the wounded.

Put a metal surface on all the turnpikes.

Rebuilt or strengthened every bridge and railroad.

Concentrated 1,200,000 fighting men, backed by 500,000 auxiliary workmen, doctors, bridge and railroad builders.

Filled the whole region with hidden guns, new British guns, of the largest caliber, many of them 15-inch mortars and manned their guns with French artillery experts.

Installed all over the region a new telephone system, with concrete poles, augmented by a network of telegraph wires and stations and fields hospitals.

Buried ammunition everywhere, together with medicine and food supplies, so that, no matter where the troops moved in an emergency, they would have shells and food without the trouble and delay of ordinary modes of transportation.

Concealed from the Germans the massing of the troops back of the front.

Arranged the big guns in areas in such a way as to provide concentric fire from many guns on a small area of the German trenches.

In the preliminary seven-day bombardment of the British-French army fired 1,000,000 shells over a 90 mile front and sent out every evening raiding parties to demoralize the enemy and get prisoners.

Mrs. J. O. West entertained Wednesday of last week in honor of her visitor, Miss Mary Moore of Paducah. The home was beautifully decorated in red, white and blue and cut flowers. Master J. C. West and Miss Jeanette Hunter served punch as the guests arrived. Rook was played during the evening and cake and slobber were served. Those present were: Misses Celeste Roberts, Thelma Balizer, Sarah and Emmi Douglass, Jane Binford, Mary Tempa Burnett, Anna Lynn Dods, and Henry Cowgill, Drewery Bondurant, Osborn, Sam Barry, Ben and Jim Briggs, Floyd Adleson and Jack Murphy, of Fulton.

County Court Clerk S. T. Roper received notice from Secretary of State James P. Lewis, to have but one ballot printed for the primary of August 1. That ballot will contain only two names, George Prentice Thomas, of Princeton, and Thoms N. Hazell, of Paducah, the two candidates for the G. O. P. nomination for Congress. Blaise Alben W. Barkley will have no opposition for the Democratic nomination, there will be no ballot for the Democratic voters.

Tom C. Pettit, veteran editor of the Carlisle County News and president of the First District Press Association, has resigned as mayor of Bardwell. COUNTY COURT.

At the regular term of Fulton County Court on the second Monday, the following business was transacted:

A petition for a new road beginning at Mabel and ending on the Tennessee line on the lands of W. C. Tipton and Amberg-French Land Co., was filed. Those owning lands through which the road will go do not object and the road will probably be opened as asked in the petition.

A petition asking for the extension of what is known as the Middle Road in the east end of the county beginning at Frank Twigg's and ending at the I. C. railroad was filed.

The following settlements were confirmed and ordered recorded:

A. A. Kimbro, guardian for Nina and Ruth Kimbro.

A. Huddleston administrator of Mrs. Augusta Ligon.

W. T. Anderson administrator of J. D. Binford.

W. H. Treas guardian for David Mayes.

C. J. Bowers guardian for Kata Bowers.

J. A. Thompson administrator of H. Buchanan.

Mrs. K. A. Mitchell gave a beautiful reception Thursday afternoon in honor of her sister, Mrs. James Hearn Brown, of Nashville. The house was elaborately decorated for the occasion in cut flowers and red and white and blue suggestions for the Fourth of July. Little Misses Helen Swayne and Jeannette Hunter opened the doors of the reception hall where Mrs. Nim Walker cordially received the guests and Mrs. W. C. Speer invited them into the library where they were served punch by Misses Thelma Baltzer and Eron Roper. From there they were invited into the parlor by Mrs. L. McMakin where just inside the door Mrs. Mitchell and Mrs. Brown extended a gracious welcome. Mrs. W. B. Amberg then invited the callers into the dining room which was especially pretty in cut flowers, red, white and blue flags, and from the chandelier hung cupids from the letter B. Here cream and cake were served and a miniature flag presented each guests by Misses Bertie May and Magalee Rice and Annie Leo Brown. Miss Mary Stone presided over the Victrola which furnished a soft, sweet accompaniment to the voices of the guests.

Mrs. F. S. Moore, president of the Mothers Club, informs us that the Visiting Nurse sent out by the State, will begin her work here about the first of September. The salary of this nurse for the first three months is paid for by the State, after that by private subscriptions of individuals, fraternal orders, etc. Those to whom she gives her services, also assist in making up her salary if they are financially able to do so.

Mrs. J. C. Hendrix and daughter, Lucile, left Wednesday for a visit to Mrs. J. W. Thomas, of Trenton, and friends at Dyer.

T. A. Holcombe, wife and children, of Greenville, Miss., are expected this week to visit Mrs. C. A. Holcombe.

An increase of 25 per cent in premiums on fire insurance for three year terms and of 33 1-3 per cent for five-years terms is proposed by the fire insurance companies, which have asked the State Rating Board to approve their action. The schedule was made last December, but the Board has not agreed to it yet. Heretofore companies have been charging but two years' premiums for three-year policies and three year premiums for five-year policies. They wish to raise the cost of three-year policies half a year's premium and five-year policies one year's premium.

HELM & HELM
HICKMAN, KY.How To Choose
Your Drug Store

Select your drug store with the care that you select your doctor.

Choose that drug store that puts every transaction between itself and its customers on a service basis.

Trade at the drug store that pays more attention to making a customer than to making a sale.

Trade at the drug store where you can be sure that you are getting the most and the best for your money.

Trade at the drug store where you can "feel at home." Where you can feel at liberty to make use of all the resources a real drug store peculiarly has for your help, convenience and accommodations.

It is this kind of a drug store that we take pride in running. You know a drug store is different from a grocery store, a hardware store or any other kind of a store.

The relations between a druggist and his customers are akin to those between a doctor and his patients.

The moment a druggist forgets this fact he ceases to be a real druggist.

We want you to make use of all the advantages our Service holds out to you.

WORK HAS BEGUN
ON HICKMAN STREETS.

The main streets of the city are being torn up this week, the work to extend from the college through the main part of town to West Hickman. A crew of men has been at work for several days digging up Clinton street and Kentucky street. Several inches of gravel will be taken from Clinton street, after which screened gravel will be put on and then rolled. A large cement roller will be used on this street, but its probable that a steam roller will be secured from a neighboring city to roll the streets on the hill sides. Pat Posey is working a big crew of men on the job, most of them being city prisoners who are working out fines at the rate of 75c a day. A. O. Caruthers, one of the city's "wheel-horses" is also on the job, advising and assisting in the work. Sunday visited several near by towns for the purpose of borrowing a steam roller to be used in the work.

ADMINISTRATOR SALE.

On Friday, July 28, 1916, at the residence of the late Mrs. Lovie Cook on the Dyersburg road about 3 1/2 miles southwest of Hickman, Ky., at the hour of 9:30 a. m., I will offer for sale to the highest and best bidder some household and kitchen furniture, and live stock. Terms of sale to be made known on day of sale on the premises.—J. W. Benton, Adm'r. of estate of Lovie Cook.

LOOK GOOD—FEEL GOOD.

No one can either feel good or look good while suffering from constipation. Get rid of that tired, draggy, lifeless feeling by a treatment of Dr. King's New Life Pills. Buy a box today, take one or two pills tonight. In the morning that stuffy, dull feeling is gone and you feel better at once. 25c at your druggist.

Mrs. Maggie Bryant, wife of J. W. Bryant, was buried at Antioch on June 28th. Heart trouble was the cause of her death. She is survived by her husband, one son and two daughters. She was a sister of Bob Donnell and a half sister of Tom Donnell of West Hickman.

This hot weather will get your goat. Immunize yourself by getting your straw hats, shirts, hosiery, etc., at Bradley's.

HICKMAN WINS AGAIN.

By defeating Fulton on the local grounds last Sunday, Hickman added one more scalp to her belt. The game was featured by the excellent playing of Hickman and the exact opposite on the part of the Fulton team. Fulton made 8 errors, all of them costly, and three of these made by the first baseman. According to our base ball reporter, the features of the game were the pitching of Parrish for Hickman, and a running catch by Spradlin in deep left field. Pique pitched only a fair game for Fulton but his support was ragged. Following is the box score:

SAVES WOMAN IN RED FROM BULL

Motorman In Nick of Time When Maddened Animal Pursues Sweater on Track.

Boulder, Colo.—The presence of mind and prompt action of Larry Fox, a motorman of a Denver & Interurban car out of Boulder, saved Edith Fair from death or serious injury.

Wearing a red sweater, Miss Fair, who is housemaid at the home of Frank Anderson, on the eastern limits of the city, started for the junction to intercept the car to Denver. While hurrying across a vacant lot she heard the bellowing of a big bull.

One glance was sufficient to warn Miss Fair that she was the subject of attraction of the maddened animal. The terrified woman fled toward the

Lifted Her to the Car.

railway track with the enraged beast not more than fifty yards behind her. The interurban car at this moment

halted. Motorman Fox was quick to see the young woman's danger and, after turning off the current and applying the brakes, jumped from the vestibule, seized her by the wrist and lifted her to the car almost at the same instant the animal brushed against the coach.

Miss Fair, who had fainted when the excitement was over, was soon revived, but postponed her trip to Denver.

August Harding, the owner of the bull, says he has never known the animal to act badly before, and attributes its antics to the red sweater Miss Fair was wearing.

DYING MAN SAVES TRAIN

Shot by Subordinates, Uses His Last Strength to Avert Serious Wreck.

Milford, Utah.—Mortally wounded by a pistol shot, Kihara, a Japanese section foreman, used the last of his strength to set a torpedo on the tracks of the Salt Lake route near here to save the east-bound Pacific Limited train from possible wreck.

Kihara was shot through the abdomen by Mexicans who composed his force. They fled, leaving the handcar on the rails. The wounded man tried in vain to remove the car alone and then dragged himself down the track with a torpedo, which he placed so as to check the train. The train stopped in response to the signal and brought Kihara to Milford, where he died. A posse is after his assailants.

INDIAN, 109, DIES IN PRISON

Nevada's Oldest Man Never Spoke During the Whole 29 Years' Incarceration.

Reno. The oldest resident of Nevada is dead in Carson—in the state prison. He was "One-Armed" Jim, a Shoshone Indian, and had served 29 years of a life sentence. The prison records give his age as one hundred and nine.

A continuous silence since the day he was first placed in prison was preserved by the Indian. He was sentenced to be hanged in 1886 for murder. He was convicted through the testimony of his squaw, who, fearing for her life, produced the pistol used in taking the life of a railroad agent.

Mrs. Wynn Tells How Lydia E. Pinkham's Vegetable Compound Helped Her During Change of Life.

Richmond, Va.—"After taking seven bottles of Lydia E. Pinkham's

Vegetable Compound I feel like a new woman. I always had a headache during the Change of Life and was also troubled with other bad feelings common at that time—dizzy spells, nervous feelings and heat flashes. Now I am in better health

than I ever was and recommend your remedies to all my friends."—Mrs. LENA WYNN, 2812 E. O Street, Richmond, Va. While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and ineffectuality, and dizziness.

For these abnormal conditions do not fail to take Lydia E. Pinkham's Vegetable Compound.

KNOCKER AND BOOSTER.

When the Creator had made all the good and beautiful things in order that they might be truly appreciated, He then made the beast and reptiles and poisonous insects.

When He had finished He had left over scraps that were too bad to put in the rattlesnake, the hyena and the skunk, so He placed them together, covered it with suspicion, wrapped it with jealousy and marked it a knocker.

Then as a compensation for this fearful product, He took a sunbeam and put it in the heart of a child, the love of a mother, the brain of a man, covered it with civic pride, wrapped it in brotherly love, gave it a mask of velvet and a grasp of steel and called it a booster.

Ever since these two were created, mortal man has had the struggle of choosing his associates.—John Dixon.

KENTUCKY GETS NICE ROAD SUM.

Under the terms of the Good Roads bill, finally agreed to by the House, Kentucky will receive \$1,509,000 from the federal government for the improvement of her highways during the next five years, provided the State "puts up" a like amount. The bill provides that the following sums shall be paid to Kentucky the next five years, beginning July 1, 1916:

First year \$100,600.
Second year \$201,200.
Third year \$301,800.
Fourth year \$402,400.
Fifth year \$503,400.

Assuming that the State will acquiesce in the half and half plan for state highway improvement, an aggregate of \$3,018,000 will be expended during the next five years for the improvement of Kentucky highways.

The bill provides that under the dollar for dollar plan Indiana shall expend \$2,114,000 for improving her roads as against \$1,509,000 Kentucky will expend for the same purpose.

SOME HOMELY SAVORY DISHES

Calves' hearts are most delicious and tender and may be served as a hot dish with sauce or sliced cold. They are most appetizing. Simply cook until tender in the oven, adding a little water at first to keep them from burning. Two small hearts will serve half a dozen people.

Stuffed Cabbage.—This is a dish which may be varied in any number of ways. Cut out the center of the cabbage, leaving a thick shell for the filling. Take a pound of sausage or hamburger steak or a mixture of chopped pork and hamburger, add a half teaspoonful of ginger, a pinch of nutmeg or mace, a teaspoonful of salt, a dash of lemon juice; stuff the cabbage and steam until tender. Serve in slices with melted butter for a sauce or a white sauce with hard-boiled egg yolk and lemon juice rubbed smooth added to the sauce.

Braised Liver.—Wash two pounds of fresh liver and flow very thoroughly, season with lemon juice, salt and pepper. Lay it in a casserole or enameled dish; add two sliced onions and carrots, shredded longwise, a half leaf, a sprinkling of parsley and a dash of boiling water. Place this slice of bacon over all cover tightly and bake for an hour and a half; then remove the cover, baste and brown for ten minutes. Serve with tomato or chili sauce.

Creole Rice.—Chop one onion and a small slice of cooking fat, very fine; put into a saucepan with one tablespoonful of butter, a cupful of cooked rice, a can of tomatoes, a teaspoonful of salt and a little paprika. Mix well, then pour in a baking dish, cover with bread crumbs and put into the oven for 30 minutes.

Beef's Heart Browned.—Wash and trim a beef's heart, do not remove the fat that surrounds it. Soak in weak vinegar and water one night, then stuff with any well-seasoned force meat. Lay in a kettle and brown; turn until well browned. Put the water (boiling) in which it was soaked, cover closely and simmer three hours.

SUB. MERCHANTMAN
ARRIVES SUNDAY NIGHT.

In a driving rain and between vivid flashes of lightning the German merchant super-submarine Deutschland came to anchor off Quarantine, at Baltimore, at 10:15 Monday night.

The arrival of the Deutschland was as dramatic as her tail-blazing dash across the Atlantic. Conveyed by the tug Thomas F. Timmins, the submarine made her way up Chesapeake Bay under her own steam.

Long expected, ridiculed, fabulous as the sea serpent or the flying Dutchman, the Deutschland became a reality to the watchers off Cape Henry at exactly 12:20 Sunday morning. She slowly made her way up Chesapeake Bay through a net work of inquisitive ships and dropped her mud hook off Quarantine.

She is the largest submarine afloat. The largest German war models are less than 300 feet long. But this submarine of commerce is 315 feet long, exactly one-third the length of the largest merchant vessels afloat—the Vaterland and the Imperator.

She carried no passengers. Her cargo consists entirely of dyestuffs—a thousand tons of them. This keeps her very low in the water when riding on the surface. Her draft when she was sighted was 17 feet, and it was largely because of her depth that she did not try to come to land when submerged.

She is commanded by Captain and has a crew of 29. Both captain and crew were drawn from the German merchant fleet and not from the navy. The craft is unarmed and being treated by the United States officials like any other merchant ship.

The commander told the pilot she left a German port on the 23, that he had 1000 tons of cargo and a quantity of mail aboard and brought a message from Emperor William to President Wilson.

The cargo is said to consist of dyestuffs and medicine consigned to a Baltimore firm.

It is said that she submerged whenever she saw any vessel, on the chance that it might be a warship. The English government was not among those who regarded the trans-Atlantic submersible as a joke, and the report is that the Deutschland was chased for 30 hours by French and English warships. She submerged and eluded them by traveling 800 miles out of her course.

Because she was forced to make this detour she has the record for submarine travel. The longest trip previously made by any submarine was 3,500 miles from Kiel to Constantinople, made by the U-boat that sank the British battleship Majestic. It is said the Deutschland traveled 4,180 miles, 1,800 of this being under water.

She ran through the North sea submerged practically all the time. She was forced to submerge again for a time when she got two-thirds of the way across, when she sighted a Dutch merchant vessel in her path. And some 600 miles off the Virginia coast she was frightened out to sea again for a distance of some 200 miles by enemy warships. But on her return she was able to come to the surface a hundred miles from land and was not forced to submerge again.

HACKING COUGH
EAKENS THE SYSTEM

Don't suffer with a hacking cough that has weakened your system—get a bottle of Dr. King's New Discovery, in use over 40 years, and benefiting all who use it, the soothing pine balsam with tar heals the irritated air passages—soothes the raw spots, loosens the mucous and prevents hacking the body with coughing. Dr. King's New Discovery increases natural sleep and aids nature to cure you. Advt.

yea, F. Simpson, age sixty, suddenly of, appointed his home in the Henry about 1 Saturday morning about 1 o'clock. He was employed by the Mengel Box Co., but was he Mengel Box Co. He asked off for that day, dinner early wife to prepare the factory he could be at the men were paid off at no the men were in the kitchen when she was in the kitchen. The family was stricken. The family lived here only a short time. The remains were shipped to Paducah, Ky., his old home, for burial.

An unusually good game is promised Hickman fans when the strong team from Wickliffe will undertake to beat the local boys at Athletic park, next Sunday. This promises to be the best game so far here this season, as Wickliffe is said to be stronger than any team that has ever played here. Better reserve your cushions in the grand stand now, as the attendance at these games are increasing each Sunday.

COTTON CROP REPORT.

The cotton crop has made a
good progress during the last fort-
night, according to reports from
correspondents of the Commercial
Appeal. The plant, as a rule,
is strong and healthy, and al-
though averaging somewhat late,
is growing rapidly, and in most
cases is beginning to fruit satis-
factorily.

There are several complaints
of too much rain in the eastern
states, but these are in a min-
ority, and even in these states
good progress was made. These
reports, however, in the main,
were mailed before the rain
from the gulf storm visited the
country. There are also some
complaints of grassy fields,
sappy plants from practically
states, but these are few in
number and are the result of
much rainfall in widely
sections.

From
weevil are reported
practically all portions they
areas, and in most. To date,
are increasing rain, this source,
however damage
has been slight.

HICKMAN EVIDENCE FOR HICKMAN PEOPLE.

The Statement of Hickman Resi-
dents Are Surely More Reliable
Than Those Of Utter Strangers.

Home testimony is real proof.
Public statements of Hickman
people carry real weight.
What a friend or neighbor says
counts. It is respect.
The word of one whose home is
far away invites your doubts.
Here's a Hickman statement.
And its for Hickman people's
benefit.

Such evidence is convincing.
That's the kind of evidence you
back. Don't's Kidney Pills.

OLD WOMAN

When you feel lazy, out of
sorts, and in a good deal in
the daytime, you can charge it
to a torpid liver which has allow-
ed the system to get full of im-
purities. HERBINE cures all
disorders produced by an inactive
liver. It strengthens that organ,
keeps the bowels and runs the
system in good healthy condi-
tion. Price 50c. Sold by Hick-

What Will The Parrot Say?

LEMOLOC

It is a billion or so subject to
constipation you should
have LemoLoc as it is a real
over medicine. There are many
other liver medicines on the
market that act only on the low-
er bowels. Take a few doses of
LemoLoc and you will notice the
difference. LemoLoc is filling a
long felt want as it takes the
place of calomel. Please note the
pleasant effect as well as the
pleasant taste of LemoLoc. The
reason why LemoLoc pleases the
public is that it does not grip,
acts gently but surely on their
liver, is pleasant to take and
does not cause them to lose time
from their work. If it pleases
thousands of others, it should
please you. Try a bottle of our
risk. Helm & Ellison.

P. S. If you forget the name
spell calomel backwards. Adv.
